

"...a lyrical style that examines the usual romantic turf without resorting to clichés...Smith's voice is well worth hearing."

JIM DEBOGATIS, CHICAGO SUN-TIMES

"...Olsen's visual storytelling flows seamlessly alongside Smith's musicality, enabling him to capture every passionately performed lyric and dramatic orchestration of this haunting musical narrative on film."

HEDY WEISS, CHICAGO SUN-TIMES

"...with Artemisia, Smith's music seems better suited to marble-floored museums and sunlit art galleries. The album sounds like it was crafted with careful brush-strokes, twirling piano, dreamy flute and lilting violin, creating romantic backdrop for Smith's self-assured vocal stylings."

ANDY DOWNING, CHICAGO TRIBUNE

"Mearra is a thoughtful song-craft, lushly orchestrated by studio-caliber musicians and expertly produced by Rich Rankin; and it's all carried by Smith's clear, rich and compelling emotive vocal."

BRYAN CAHPIN, CHICAGO INDIE MUSIC LIVE

"She's got a real sweet voice... it definitely fits the music we play."
